## PROGRAMME REPORT

**Name of Programme/ Event:** Wild vegetable Exhibition Report

**Name of Organizing Department:** Department of Botany, Vidya Vikas Arts, Commerce and Science College, Samudrapur

**Date, Venue, Time/ Duration:** 09<sup>th</sup> September, 2023 at Indoor Stadium, Vidya Vikas Arts, Commerce and Science College, Samudrapur.

**Number of Participated Students/ Faculty Members/ Research Scholars/ Lab Attendants:** 64

**Name of Speaker/ Guest:**

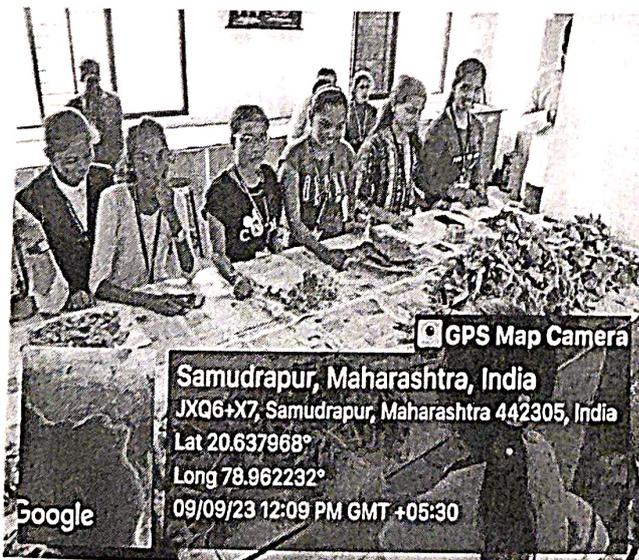

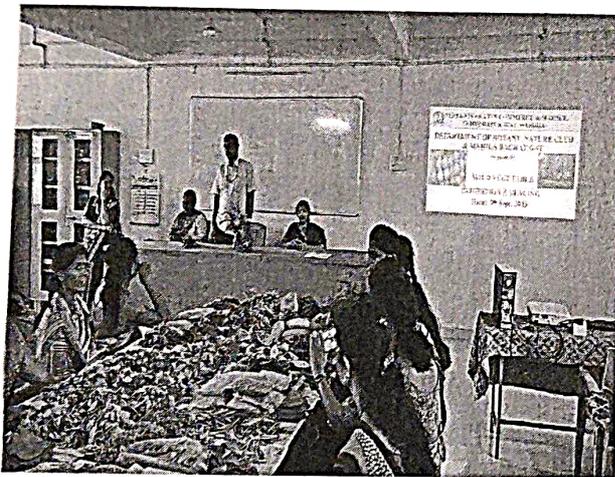

**Introduction of the Event:** In an endeavor to promote biodiversity appreciation and sustainable living practices among college students, a captivating exhibition showcasing wild vegetables was organized. The event aimed to foster awareness about the nutritional value, culinary diversity, and ecological significance of wild plants.

The exhibition was held at the college indoor stadium, providing a convenient platform for students to engage with the diverse array of wild vegetables. Participants included students from various academic disciplines, faculty members, and local experts in botany and conservation. The exhibition featured an impressive assortment of wild vegetables, ranging from leafy greens to edible roots and tubers. Each specimen was meticulously labeled with its scientific name, habitat, and nutritional profile, enriching participants' understanding of plant diversity. Local farmers and indigenous communities shared their traditional knowledge of wild vegetables, emphasizing their cultural significance and importance in local diets. The event commenced with an inaugural ceremony graced by Principal of our college Dr. K.G. Rewatkar. The introduction about the exhibition was given by Dr. N.S. Shirbhate, Vice-Principal & Head Department of Botany.

## Objectives of the Activity:

- Raise awareness among college students about the rich biodiversity of wild vegetables.
- Educate students about the nutritional value and health benefits of consuming wild vegetables.
- Raise awareness about the conservation challenges facing wild vegetables, such as habitat loss, overharvesting, and climate change etc.
- Introduce students to alternative food sources beyond conventional agriculture.
- Provide students with hands-on learning experiences, such as plant identification workshops, cooking demonstrations, and interactive discussions, to actively engage them in the exhibition.

## Photos:

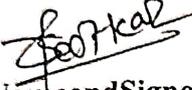

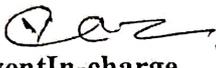

## Outcomes of Activity:

- Increased awareness about the nutritional value and ecological importance of wild vegetables.
- Enhanced understanding of sustainable foraging practices and conservation strategies.

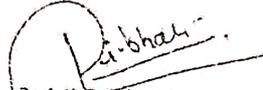

- Empowerment of students to incorporate wild vegetables into their diets and advocate for their conservation.
- Strengthened community connections and partnerships for promoting biodiversity conservation and sustainable livelihoods.

**Date:** 10/09/2023

**Place:** Samudrapur
